Rick Thomas Featured Speaker at Career School Conference

Dallas, TX- Rick Thomas, CPA and partner at Salmon Sims Thomas, was one of the featured speakers at the Annual Career College Association (CCA) conference in Orlando, Florida. The conference is the only one of its kind for the Career College Community.

Conference attendees are primarily presidents, owners, directors and administrators of career colleges – privately owned and publicly traded, certificate- and degree-granting, credit-hour and clock-hour – from across the United States and Puerto Rico. The majority of the institutions are members of Career College Association. Typically, there are close to 1,000 attendees who register for this CCA conference each year.

Speaking to audiences of 75 – 150 attendees, Rick participated in three breakout sessions covering topics concerning compliance and operations.

Headquartered in Dallas, Texas, Salmon Sims Thomas is a long-time member of CCA. The firm specializes in tax, audit and consulting services for the career school sector and has one of the few teams in the country who have worked as compliance officers and financial aid directors before coming on board with SST.
